CONSENT SOLICITATION

Background and Purpose of the Consent Solicitation

During the second half of 2021, Chinese property developers and the capital markets that have funded growth and development of the sector have experienced an inflection point. Reduced bank lending for real estate development has adversely affected access by property developers to onshore capital. Reduced bank lending for mortgage finance for buyers, combined with buyers’ concerns about the ability of property developers to complete projects, has materially and adversely affected property sales. In addition, the use of pre-sale proceeds is also restricted under the applicable PRC laws. Negative reaction to these onshore events by offshore capital markets has curtailed the Company’s funding sources to address upcoming maturities.

Since the beginning of 2022, the property sector in China has continued to experience volatility. Reduced bank lending for real estate development, coupled with certain negative credit events, have intensified market concerns over the operations of Chinese property developers. As a result, pre-sale of Chinese property developers has generally decreased. The Group's management has demonstrated its resolution and commitment to mitigate the effects of the recent adverse market conditions. The Company continues to exert its utmost effort to meet its obligations to creditors and noteholders.

The Company anticipates that the market condition in the real estate sector will remain under pressure in 2022, and therefore, in the absence of a sharp recovery in the market and a resurgence of various financing options, the Company remains cautious about its liquidity in the near term. The Company, therefore, is working on managing its cash flow to maintain stable operations and to meet its financial commitments, including, among others, through discussion on extension or refinancing of its existing financial and other obligations, opportunistic financings and expenditure conservation. As part of these efforts, the Company is conducting this Consent Solicitation, as described in the Consent Solicitation Statement.

The principal purpose of this Consent Solicitation is to obtain the Requisite Consents to amend the events of default provisions in each Indenture to increase the cross-default and judgment default threshold from US\$10 million to US\$25 million, and carve out any default or event of default in respect of a Series of Notes as a result of a default or event of default occurring under the Excluded Indebtedness, and other consequential amendments to permit the respective Trustees to instruct the collateral agent not to take any enforcement action against the collateral if the trustees and/or any holders of the Existing Notes proceed to enforce the collateral as a result of an event of default under the Existing Notes, in accordance with the terms and subject to the conditions set forth in the Consent Solicitation Statement.

The Company is also conducting the Concurrent Offer to Purchase on March 14, 2022 to improve its debt maturity profile, strengthen its balance sheet and improve cash flow management.

Summary of the Terms of the Consent Solicitation

The Company is soliciting consents from Notes Holders to Proposed Amendment to the Indentures, and to be entered into by and among the Company, the Subsidiary Guarantors and the Trustee of a supplemental indenture in relation to the November 2020 Notes and a supplemental indenture in relation to the July 2021 Notes giving effect to the Proposed Amendment (each such supplemental indenture, a **"Supplemental Indenture"** or the relevant **"Supplemental Indenture"** and, collectively, the **"Supplemental Indentures"**). As of the date of the Consent Solicitation Statement, US\$251,763,000 in aggregate principal amount of the

November 2020 Notes is outstanding, and RMB600 million in aggregate principal amount of the July 2021 Notes is outstanding. The Company has repurchased and not yet cancelled an aggregate principal amount of US\$14,237,000 of the November 2020 Notes, which amount the Company intends to cancel and was not included in the outstanding principal amount of the November 2020 Notes.

By validly delivering consents pursuant to the instructions set out in the Consent Solicitation Statement, Notes Holders will be deemed to have given Consent in the Consent Solicitation. A consenting Notes Holder must consent to the Proposed Amendment as an entirety and may not consent selectively with respect to certain aspect of the Proposed Amendment. All Consents delivered and accepted will be deemed to be Consents to the Proposed Amendment as a whole.

The Proposed Amendment will become effective upon execution of and delivery to the Trustee the Supplemental Indentures to the Indentures. If the Proposed Amendment are accepted and effected, all the outstanding Notes will be subject to the Proposed Amendment.

Consent Fee

The Company is offering the holders of record of the relevant series of the Notes as of the record date a consent fee of US\$2.5 for each US\$1,000 in principal amount of the November 2020 Notes, or a consent fee of RMB25 for each RMB10,000 in principal amount of the July 2021 Notes (the “**Consent Fee**”), in respect of which any Notes Holder has validly delivered a consent on or prior to the expiration date of the Consent Solicitation as described above. The Company’s obligation to accept consents and pay the Consent Fee is conditioned on, among other things, there being validly delivered consents from the Notes Holders of not less than a majority in aggregate principal amount of the outstanding Notes of each Series (the “**Requisite Consents**”). For the avoidance of doubt, the Company’s acceptance of consents for any Series is not dependent on the receipt of the Requisite Consents of any other Series.
